International Course Organised by

Block the Date
January
19 / 20

Venue : Max Super Specialty Hospital, Saket, New Delhi

*Fundamental
Critical Care Support*

FCCS Course Objectives

The Society of Critical Care Medicine's (SCCM) internationally renowned FCCS course is the go-to resource for training non intensivists, house staff, nurses, or other critical care practitioners how to manage critically ill and injured patients effectively.

This two-day course will ensure timely approaches to practice and intervention without delay by providing participants with the ability to:

- Prioritize assessment needs for critically ill and injured patients
- Select appropriate diagnostic tests
- Identify and respond to significant changes in unstable patients
- Recognize and initiate management of acute life threatening conditions, and Determine the need for expert consultation and/or patient transfer

Through didactic lectures, small group discussion with clinical scenario questions and skill stations with hands-on instruction and experience, the FCCS course will help to disseminate basic concepts of critical care to all professionals who may be called upon to care for severely ill patients

**Make a Difference
in patient outcome
attain FCCS
Course**
